

Bryan Bonilla Fraire

Jr. Web Developer

Mobile Number: (625)1090193

Email Address: BryanFraireB@gmail.com

Web Page: <https://bryanbonillafraire.github.io>

Recently graduated in Computer Systems Engineering focused on web development. Today I have knowledge of software design, development and testing as well as fundamental knowledge of computer support and computer networks. Looking to use a broad education with analytical, technical and programming skills to thrive as a software developer.

EDUCATION

Instituto Tecnológico de Ciudad Cuauhtemoc

Computer Systems Engineering, February 2021

Relevant Courses: General Programming, Data Structures, Object-Oriented Design, Database Management, Information Security, Organization and Architecture of Computers, Computer Networks.

Work Experience

PONDERCEL S.A DE C.V

Web Development Intern, September 2020 - February 2021

As an intern, I developed full-stack web applications, determining the needs of the user and his department. Apart from that I also provided second hand help at necessary times for technical support.

Abilities

- Advanced English
- Python, C#, C++, PHP, Javascript, SQL, HTML/CSS
- Django, ASP.NET, Bootstrap
- Linux, Computing support
- Computer networks
